PROFESSIONAL SUMMARY

A versatile software engineer and web development specialist with a strong foundation in frontend and full-stack technologies. Proficient in HTML, CSS, Tailwind CSS, JavaScript, and modern frameworks like React.js, Node.js, and Next.js. Skilled in designing and implementing responsive, scalable, and high-performance web applications while optimizing user experiences. Adept at collaborating within dynamic team environments and leveraging industry trends to deliver innovative and efficient solutions. Eager to contribute technical expertise and creativity to impactful projects within forward-thinking organizations.

CORE TECHNICAL SKILLS

- Version Control
- API Integration
- UI Testing
- Problem-Solving and Critical Thinking
- Collaboration and Teamwork
- Responsive Web Design and Development
- Performance Optimization and Debugging
- **Programming Languages:** HTML, JavaScript, CSS
- **Frameworks & Libraries:** Bootstrap, Tailwind CSS, React, Node.js, Next.js
- **Version Control:** Git
- **Design Proficiency:** Product design (UI/UX) using Figma
- **Specialized Skills:** Search Engine Optimization (SEO)

EDUCATION/CERTIFICATION

Bachelor of Science, Computer Science
Federal University of Agriculture Abeokuta,
Ogun State, Nigeria

December 2024

National Diploma, Computer Science
Federal polytechnic Ilaro, Ilaro,
Ogun State, Nigeria.

December 2019

Certificate in Web Development
Mzienet Systems, Abeokuta,
Ogun State, Nigeria.

January 2024

WORK HISTORY

Devkrea8 Tech Limited Lagos State, Nigeria

October 2023 –April 2024

Lead Frontend Developer

- Led the design and implementation of scalable, responsive web applications leveraging React.js and Redux, delivering seamless user experiences and aligning with business objectives.
- Managed and mentored a team of frontend developers, conducting comprehensive code reviews, fostering technical excellence, and ensuring adherence to industry best practices.

- Partnered with UI/UX designers to translate complex design prototypes into pixel-perfect interfaces, maintaining a strong focus on usability and aesthetics.
- Enhanced application performance through code optimization, proactive debugging, and implementation of modern development frameworks and tools.
- Collaborated cross-functionally with backend engineers to integrate RESTful APIs, ensuring efficient data flow and robust functionality across applications.
- Spearheaded the adoption of automated testing tools, improving code quality and reducing manual testing time while ensuring a higher standard of application reliability.

Mzienet Systeme, Lagos, Nigeria

August 2023 –December 2023

Internship (Frontend Developer)

- Developed and maintained responsive user interfaces for web applications using HTML, CSS, and JavaScript, ensuring cross-browser compatibility and seamless user experiences.
- Collaborated with backend developers to integrate APIs and optimize application functionality, improving performance and usability.
- Implemented modern design principles and frameworks such as React.js to create dynamic and visually appealing web pages.
- Conducted debugging and testing to identify and resolve front-end issues, enhancing application reliability and performance.
- Contributed to the design and prototyping of web application layouts, aligning with user requirements and business goals.

Lagos State Ministry of Science and Technology

June 2018 – August 2018

Training/ Internship

- Developed unique, responsive, and user-friendly interfaces for web applications, enhancing usability and user engagement.
- Conducted thorough software testing, identifying bugs and ensuring the optimal performance and reliability of web applications.
- Deployed web applications following industry best practices, ensuring seamless integration and smooth functionality.
- Collaborated with industry experts to build innovative projects, contributing technical skills and gaining valuable professional insights.
- Assisted in refining project workflows, enhancing overall project efficiency and ensuring timely delivery of milestones.
- Contributed to the documentation and organization of IT processes, creating valuable reference materials for improved team knowledge sharing.

RELEVANT INFORMATION TECHNOLOGY PROJECTS

- Designed and developed a responsive company website using Next.js and Tailwind CSS, ensuring a modern and user-friendly interface.
- Engineered an IP address tracking application utilizing HTML, CSS, and JavaScript, integrating IPGeolocation and Leaflet API for dynamic map visualizations.
- Built and deployed a professional portfolio website using Tailwind CSS, showcasing web development skills and previous projects.
- Developed an interactive number guessing game using HTML, CSS, and JavaScript, incorporating logic for user input validation and feedback.
- Designed an accessible drum kit application with HTML, CSS, and JavaScript, providing keyboard accessibility for an inclusive user experience.
- Developed an advice generator app using HTML, CSS, and JavaScript, integrating the Adviceslip API to deliver daily motivational advice to users.

SKILLS AND STRENGTH

- Proficient in frontend development using HTML, CSS, and JavaScript, along with frameworks like React.js and Next.js.
- Skilled in performance optimization, debugging, and refining web applications to enhance speed, functionality, and user experience.
- Strong problem-solving abilities with critical thinking skills to identify and resolve technical challenges efficiently.
- Experienced in building and maintaining responsive, user-friendly interfaces that align with modern design principles.
- Collaborative team player, effective in cross-functional teams while fostering a positive and productive work environment.
- Adaptable to new technologies and committed to continuous learning to stay updated with emerging industry trends.
- Skilled in working across multiple operating systems, including Linux, Mac OS, and Windows, to develop and deploy web applications.
